

# When a Spill Occurs...

## Materials included:

**10 Absorbent pads**  
**2 Absorbent Socks**  
**1 Pair of gloves**

## 1. Power down BreezyOne

**1a**

**1b**

**1c**

- 1.1 Look at the back of the robot. Press and release the round power button (**1a**). This will turn off the main screen.
- 1.2 Turn off the black toggle switch located next to the round button (**1a**).
- 1.3 Look at the control panel on the side of Breezy, on the robot's base. Press and hold the power button (**1b**) for 3 seconds. The blue light will be flashing - wait until it turns off.
- 1.4 On the back of the robot under the speaker, turn off the red toggle switch (**1c**).

## 2. Protective Clothing

Wear the appropriate protective eyewear and gloves.

## 3. Begin Clean Up

Place the socks around the robot and use the pads to absorb the chemical.

## 4. Contact Site Supervisor and Breezy Support

Report the spill to the site supervisor and send an email to [support@buildwithrobots.com](mailto:support@buildwithrobots.com)

## 5. Disposal of Used Material

Used pads and socks can be placed in general trash.

## 6. Restock Materials

Replace absorbent materials and safety equipment used in any cleanup operation.
